

Meet SUPERBRADY

All About Me...

My name is Brady McCarthy and I am SuperBrady. I was born with Down syndrome but that doesn't hold me back. I graduated high school and have written a book. I am also an actor, a model, and an advocate for inclusion.

What is Inclusion?

Inclusion means that everyone is invited to be part of something: such as a school, a classroom, a party, a friend group, at recess, or at a lunch table. No one is left out no matter their differences. Everyone is made to feel like they belong, they are accepted, and they are welcome.

What is a Disability?

A Disability is any condition of the body or mind that makes it more difficult with the condition to do certain activities. Sometimes a disability can make a person look or act a little different, but inside they are the same as everyone else. People with disabilities don't want to be treated like they are different. They want to feel like they belong. They don't want to feel left out.

INCLUSION
